

FOR IMMEDIATE RELEASE

CAL Business Solutions Inc. Receives Outstanding Sales Recognition From Microsoft Dynamics

HARWINTON, CT SEPT 5, 2007: CAL Business Solutions Inc. recently received recognition from Microsoft® for outstanding customer commitment and sales achievement and was named to the Microsoft Dynamics™ President's Club. This recognition honors the top 5% of Microsoft Dynamics reselling partners worldwide whose commitment to customers is reflected in their business performance and high level of sales achievement and customer satisfaction. CAL is proud to have earned membership in this club six times since 1997.

"Microsoft congratulates CAL Business Solutions on achieving President's Club status," said Tami Reller, corporate vice president, Microsoft. "CAL truly understands how important customers are to Microsoft and makes the extra effort to make their customers' experiences memorable."

"The fact that we are one of only four partners in the New England region to attain President's Club membership is a testament to how difficult it is to meet the eligibility requirements, which Microsoft raises year after year," said George Mackiewicz, President of CAL Business Solutions. "Close to the end, when we were unsure if we would make the goal, I was so proud to see everyone really pitch in, pull together as a team and exceed all expectations so that we achieved President's Club for the sixth year."

Founded in 1982, CAL Business Solutions is a Microsoft Gold Certified partner dedicated to providing high-quality, affordable accounting software solutions. Since 1997 CAL has helped nearly 200 organizations improve business productivity using the Microsoft Dynamics GP (formerly Great Plains) financial management system. CAL features a dedicated in-house development team, an onsite training center and a strong focus on providing seamless system integration. The highly trained CAL staff is made up of 18 seasoned accounting, finance and development professionals who average more than 10 years of field experience.
