"We have built our business on honesty and fairness. We really listen to understand your needs before we think of selling anything. We believe in the Microsoft Dynamics GP product, and we enjoy helping companies solve their business problems."

- George Mackiewicz, President, CAL Business Solutions

"I chose to work with CAL because of the completeness of the organization – training capabilities, customer events, technical experience, business analyst skills, and deep product knowledge."

- **AIFS**

"In the end, who you want to work with is what really counts. CAL did not give us a sales pitch, you were always honest."

- **Empire Industries**

"CAL researched our dream list realistically and brought to the table solutions that were forward-looking, could be implemented in a realistic timeframe and at a budget that made sense."

- **Kloter Farms**

"I can confidently say that I can generate 10 times more quotes in a week using Microsoft Dynamics GP with SalesPad than I used to do in QuickBooks."

- **Genex Turbine**
