

ADVANCED GL CLOSE

Advanced GL Close allows you to select additional account segments to close in your Microsoft Dynamics® GP system.

FUNCTION

Advanced GL Close provides the capability to select additional segments when closing to divisional account segments in Microsoft Dynamics GP.

IMPACT

With *Advanced GL Close*, you can close multiple retained earnings accounts at the same time. This provides additional flexibility to any organization that utilizes multiple retained earnings or fund balance accounts.

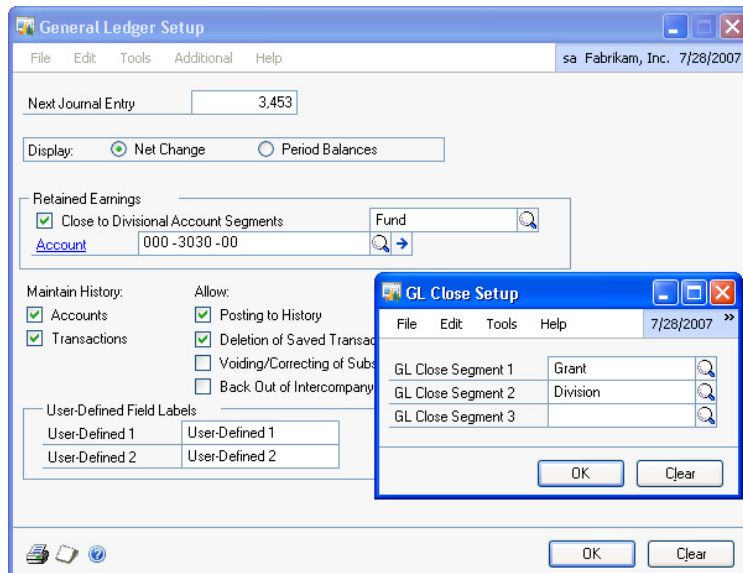

FEATURES

- Extends the year-end close functionality of the General Ledger module by increasing the number of divisional accounts segments you can select to four.

BENEFITS

- Track net changes in retained earnings/fund balance accounts at the multiple segment level to meet the needs of your organization.

Contact your Microsoft Business Solutions™ reseller and discover how *Advanced GL Close* can work for your organization.
