

FREQUENTLY ASKED QUESTIONS

What is AvidXchange Purchase to Pay?

AvidXchange Purchase to Pay is a solution that derived from the Ariett acquisition which took place at the end of 2017. The acquisition enabled the marriage of Ariett software to AvidXchange's payment network. As a result, AvidXchange can now deliver a unified cloud platform for managing AP invoices, purchase requisitions and purchase orders, vendor contracts, capital expense projects, expense reports, and payments.

Who can take advantage of this solution?

As part of the 2017 Ariett acquisition, AvidXchange is extending the AvidXchange Purchase to Pay solution to prospective customers who use the following accounting systems: Microsoft Dynamics GP and Intacct. The AvidXchange Purchase to Pay solution is ideal for customers who are interested in the end-to-end purchase to pay capability, have more than 500 employees or have more than five locations, process more than 500 invoices a month, and seek to improve efficiency and control of accounts payable and purchasing.

If I am already using AvidXchange Invoice, can I switch over to AvidXchange Purchase to Pay?

At this time, AvidXchange is only extending the AvidXchange Purchase to Pay solution to prospective customers who use Microsoft Dynamics GP and Intacct. As part of the 2017 Ariett acquisition, AvidXchange will continue to develop and expand on the AvidXchange Purchase to Pay solution. For this reason, customers who are currently using AvidXchange Invoice, and want to take advantage of the extended solution, will have to reintegrate and reestablish their AP automation system with AvidXchange Purchase to Pay.

If I am already using AvidXchange Pay, can I switch over to AvidXchange Purchase to Pay?

As part of the extension, AvidXchange Purchase to Pay has fully integrated with AvidXchange Pay. For this reason, customers who are already using AvidXchange Pay without AvidXchange Invoice, and are interested in the end-to-end purchase to pay solution, can easily transition by working with the dedicated AvidXchange team to configure your system, manage changes, and more.

If I only need AvidXchange Invoice, what is the advantage for me to transition to AvidXchange Purchase to Pay?

There is no advantage. AvidXchange is delivering AvidXchange Purchase to Pay as a full solution rather than a product-by-product line. The AvidXchange Purchase to Pay solution is ideal for customers who are interested in the end-to-end purchase to pay capability, have more than 500 employees or have more than five locations, process more than 500 invoices a month, and seek to improve efficiency and control of accounts payable and purchasing.

If I only need AvidXchange Pay, what is the advantage for me to transition to AvidXchange Purchase to Pay?

There is no advantage. AvidXchange is delivering AvidXchange Purchase to Pay as a full solution rather than as separate components. The AvidXchange Purchase to Pay solution is ideal for customers who are interested in the end-to-end purchase to pay capability, have more than 500 employees or have more than five locations, process more than 500 invoices a month, and seek to improve efficiency and control of accounts payable and purchasing.

Can I buy AvidXchange Purchase to Pay: Invoice without getting the whole product?

No. AvidXchange is delivering AvidXchange Purchase to Pay as a full solution rather than as separate components. The AvidXchange Purchase to Pay solution is ideal for customers who are interested in the end-to-end purchase to pay capability, have more than 500 employees or have more than five locations, process more than 500 invoices a month, and seek to improve efficiency and control of accounts payable and purchasing.

Can I buy AvidXchange Purchase to Pay: T&E without getting the whole product?

The AvidXchange Purchase to Pay: T&E product is delivered as part of the full AvidXchange Purchase to Pay solution to provide a unified purchasing experience. The AvidXchange Purchase to Pay solution is ideal for customers who are interested in the end-to-end purchase to pay capability, have more than 500 employees or have more than five locations, process more than 500 invoices a month, and seek to improve efficiency and control of accounts payable and purchasing.

How do I determine whether I should buy the AvidXchange Purchase to Pay solution versus the AvidXchange Invoice to Pay solution?

The AvidXchange Purchase to Pay solution is ideal for customers who are interested in the full end-to-end purchase to pay capability, have more than 500 employees or have more than five locations, process more than 500 invoices a month, and seek to improve efficiency and control of accounts payable and purchasing. The AvidXchange Purchase to Pay offering is limited to users of Microsoft Dynamics GP and Intacct accounting systems.

I'm an AvidXchange prospect. What does it mean to me?

Great news! As part of the 2017 Ariett acquisition, AvidXchange is extending the AvidXchange Purchase to Pay solution to prospective customers who use the accounting systems: Microsoft Dynamics GP and Intacct. The AvidXchange Purchase to Pay solution is ideal for customers who are interested in the end-to-end purchase to pay capability, have more than 500 employees or have more than five locations, process more than 500 invoices a month, and seek to improve efficiency and control of accounts payable and purchasing.

I am a current Ariett (now an AvidXchange company) customer. How does this benefit me?

As part of the 2017 Ariett acquisition, AvidXchange Purchase to Pay has fully integrated with AvidXchange Pay. For this reason, Ariett (now an AvidXchange company) customers can take full advantage of the AvidXchange Pay feature. Simply put - you can now pay your bills electronically!

If I don't currently qualify for the AvidXchange Purchase to Pay solution now, how long will it be until I can take advantage of the new offering?

At this time, AvidXchange is only extending the AvidXchange Purchase to Pay solution to prospective customers who use Microsoft Dynamics GP and Intacct.
