

BUDGET LEDGER

Budget Ledger provides the capability to edit budgets using a transaction-based workflow in your Microsoft Dynamics® GP system.

FUNCTION

Budget Ledger provides complete audit trail for budget modifications. Setup options allow you to manage the type of transactions and posting rules for each user. Comprehensive inquiry and reporting allows you to analyze every aspect of your budget, including changes made and commitments.

IMPACT

With *Budget Ledger*, you can edit your budgets using increase, decrease, and transfer transaction types. You can post these budget modifications individually or in a batch.

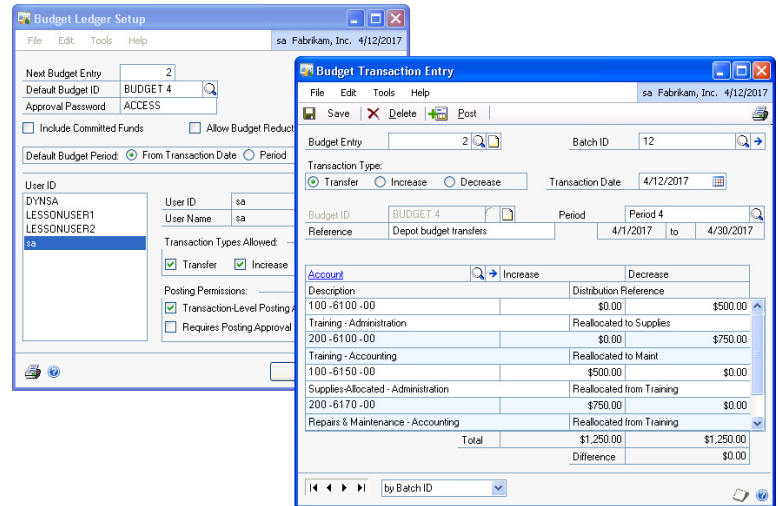

FEATURES

- Increase, decrease, and transfer budget transaction types
- User-specific budget editing rules
- Complete drill down and inquiry capabilities
- Ability to post budget modifications individually or in batches
- Allows budget adjustments to go below actual
- Integrates with Microsoft Professional Tools Library Account Modifier/Combiner

BENEFITS

- Ensures the integrity of your budget by providing control over budget editing capabilities
- Provides instant access to budget change history

Contact your Microsoft Business Solutions™ reseller and discover how *Budget Ledger* can work for your organization.

EXPAND THE BENEFITS AND CAPABILITIES OF MICROSOFT DYNAMICS GP

A PROVEN AND TRUSTED SOURCE Since 1994, we have developed a wide range of products from time-saving enhancements to robust, feature-rich modules to meet the needs of users. The result is a rich history of partner and customer success.

DISTRIBUTION, ACCOUNTING, AND WAREHOUSE INTEGRATION EXPERTISE

We understand the supply chain and accounting challenges facing organizations. This expertise helps us create innovative products that introduce new business processes into Microsoft Dynamics GP.
